The Best Promoter?

The carefully prepared and well displayed advertisement is the most successful "promoter." It "sells" more people in one day than the average person can get in a lifetime in the whole of his professional career. It appeals to the reader directly and convincingly, and catches the eye that would not otherwise notice it. The wise business man employs the most potential agent to strengthen and increase his business.

WHATEVER IS IT?
I know it is my life grown old.
And mine eyes have clearer sight,
Than under each rank wrong, some-
where.

Then comes the root of Right:
That each sorrow has its purpose,
By the sorrowing oft anguished,
But always with a bright morning,
Whatever is, is best.

I know that each sinful action,
As sure as the night brings shade,
Is followed where, some time pastured,
Through the dark, though delayed,
I know that the soul is aided
By the heart's aurst; and I am to suffer;
And I am to be comforted;
But whatever is, is best.

I know there are no errors
In the great eternal plan;
And I am to be led together
For the final good of man;
And I know, when my soul speeds on—

In grand eternal quest,
I shall say, as I look back earthward:
Whatever is, is best.

A CARD.

It having been publicly announced in the daily press that Mr. George H. Frank and myself have purchased the stock and business of John T. Martin & Co., and had formed a partnership with Frank & Archdeacon, to carry on the flour and feed business of the latter firm, I desire to state to the public that I was unable, for financial reasons I could not control, to carry out my part of the plan. Mr. Frank was prepared to carry out his part, and the stock and business was found to be exactly what I expected, as shown by Mr. Frank and I exceedingly regret my inability to meet the obligations I undertook with Mr. Frank, which failure on my part is the sole reason for the failure of the proposed deal.

DAILY PUBLIC LEDGER

EXCEPT SUNDAY, JULY FOURTH, THANKSGIVING AND CHRISTMAS.

Thomas A. Day

Office Public Ledger Building, No. 10 East Third Street, Mayfield, Ky.

SUBSCRIPTIONS—LV ADVT. NCE.
One Year \$6.00
Six Months \$3.00
Three Months \$1.75
Per Month \$0.25
DELIVERED BY CARRIER.
Postage to Collected at end of Month.

If "Prohibition prohibits" the sale of liquor, will some genial Prohibitionist please inform THE LEDGER how it is that Mrs. CARIE NATION finds so many saloons to smash in Kansas, which is a redhot Prohibition state? Don't all answer at once, please.

The Chicago Times Herald says the best idea in Mr. BRYAN's new weekly, The Commoner,—expressed with much dialectic circumspection, and the inevitable parallelism between himself and CHRIST—*is* that anyone can be come one of the common people by subscribing \$1 to The Commoner.

The rich man who has acquired his wealth honestly and subserves is one of the common people, while the poor man who lawks on the plutocrat and does not subscribe to Mr. BRYAN's paper is commoner than mud.

By this arbitrary rule Mr. BRYAN divides his fellow-citizens into the common people and the uncommon people, and we are grieved to state that the latter outnumber the former by more than a thousand to one.

It looks like NEMESIS—that awful and mysterious avenger of wrong—was following the chief actors in the persecution of the alleged slayers of Senator GOEBEL. JAMES NORTON, one of the Youette Jurors, was burned to death in the jail at Sadieville; GEORGE FRANKLIN WEAVER, the famous perjured "star" witness against POWERS, was almost unanimously denied membership in the Barber's Union at Louisville; FINLEY ANDERSON, another self-confessed perjurer, who was also a "star" witness for the prosecution, has been indicted by the Court in Bell county for non-support of his children; two of the most respectable members of TOM CAMPBELL's law firm in Cincinnati have withdrawn from it; and now comes the complete destruction by fire of Judge CANTHILL'S palatial home at Georgetown. These events appear in the light of retributive justice.

Mason, Brecken and Botterman companies, Ky., and Brown county, O., "Sports" section had a big cooking marin in a seceded spot in Mason county, at which about 60 "scraps" took place among the feathered "yellow" journals. The events of the past few days at Catlettsburg have proven the correctness of these declarations. GIBSON will have a fair trial and will be dealt with according to law. Meanwhile the newspaper vultures will hunt for other sensations.

A BIG CHICKEN FIGHT.

Thursday Night's Rooster Dispute a Long Drawn Out One.

Mason, Brecken and Botterman companies, Ky., and Brown county, O., "Sports" section had a big cooking marin in a seceded spot in Mason county, at which about 60 "scraps" took place among the feathered "yellow" journals. The events of the past few days at Catlettsburg have proven the correctness of these declarations. GIBSON will have a fair trial and will be dealt with according to law. Kentucky Intelligence.

GIBSON FOUND GUILTY.

The Jury Fired His Punishment at Life Imprisonment in the Penitentiary.

Catlettsburg, Ky., Feb. 2.—The jury in the Gibson trial returned a verdict finding him guilty and fixing his punishment at life imprisonment in the penitentiary.

While the jury was out Gibson was in earnest conversation with C. Crisp, a relation of his from Rush, Gibson's wife and eldest brother walked quietly into the court and took chairs beside the press. Gibson had a long conversation with his wife, who is about 3 months old from his wife's arms. This night it was rumored that a mob was coming from Ashland for the purpose of lynching Gibson and his wife, Albert, the Louis murderer. Sheriff Fields immediately prepared to meet them, and ready to shoot in every way possible. The mob failed to arrive, but it served to show the people that the law is to be enforced and that Gibson is to be protected at all hazards.

BOTH ARE DEAD.

Street Duel Between Negro Marshacl Cliff Station, of Madisonville and a Desperado.

Madisonville, Ky., Feb. 2.—Friday night Deputy City Marshal Cliff Station and an armed male Negro, who was suspected of having shot both men dead, fled. Station received his death wound a second after the shot which killed the other.

Ferguson was wanted for some patry offense, and while intoxicated made three threats that he would not be captured. He left town and started out of town. He had not gone far when he saw Marshal Station and he opened fire. The fight lasted for several minutes. Just before he fell dead Station took careful aim and fired the bullet which ended the life of his antagonist.

Station were well known, and Station was popular in this city and was known as a brave officer. Ferguson was a despoiled man when drunk.

The Shotwell Case.

Williamsburg, Ky., Feb. 2.—The defense in the Shotwell case took up the whole day in proving by a dozen witnesses that the Shotwells were not inside of their house when the first volley was fired, following the explosion under the White restaurant, and neither wives and sisters of the five prisoners were the star witnesses in proving this.

Livermore Dropped Dead.

Owensboro, Ky., Feb. 2.—C. W. Hicks, aged 50, a liveryman, was found dead in the road two miles from West Louisville. Friday morning his team was found standing hitched to the surrey, and Hicks was lying in the road dead and stiff. It is supposed he died of heart disease, was a private citizen—and very ordinary private citizen at that.

The LEDGER repeated at the time of Gibson's arrest, and of his subsequent confinement in the jail in this city, that the only "mob" that existed was in the minds of the irresponsible reporters and in the columns of their "yellow" journals. The events of the past few days at Catlettsburg have proven the correctness of these declarations. GIBSON will have a fair trial and will be dealt with according to law. Meanwhile the newspaper vultures will hunt for other sensations.

TO TEST THE MATTER.

Question as to whether Saloon Property is Entitled to Protection Before the Courts.

Wichita, Kan., Feb. 2.—The question as to whether property used as a saloon in Kansas is entitled to the protection of law is now squarely before the courts and will be decided some time next week. A few weeks ago Miss Smith, the woman who directed the destructive raid at Anthony on Wednesday, smashed a saloon at Vanville, Harper county. Frank Osborne, the owner of the building, has brought suit against her in the district court for damages.

Topeka Saloon Keepers Warned.

Topeka, Kan., Feb. 2.—Mrs. Carrie Nation has sent a letter to all the saloon keepers in Topeka, warning them to "mind your business." The letter was addressed to "the saloon keepers" of Topeka. "My dear little bound sinners," she intimated that terrible misfortune would soon begin if they did not close up.

Insurance Company Alarmed.

Frankfort, Ky., Feb. 2.—Gov. Beckham issued a requisition on the governor of Illinois for the extradition of Harry Wilhelming, under arrest at Peoria, Ill., and wanted in Louisville for obtaining money under false pretenses.

Charred Body Found.

Williamsburg, Ky., Feb. 2.—The sixteen-year-old daughter of Thomas Baird, living on Elk Fork, was burned to a crisp at home during the absence of the family. The charred body was found near an open grape vine.

Of course Mayfield birds carried off most money. Here's the way they won and lost—

Minerva won 5 and lost 9 fights; Auton won 4 and lost 8; Brooklyn lost 3; Ripley won 1 and lost 5; Mt. Olivet lost 10; Mayfield won 6 and lost 4.

RECRUITS WANTED

Stations Have Been Established at All Principal Centers of Population in the Country.

NO DELAY IN ORGANIZING THE ARMY

Ten Additional Regiments of Infantry and Cavalry, Authorized by Congress, Are to Be Raised.

The President Will have to Appoint About Eighteen Hundred Officers to Meet the Requirements of the New Law.

Washington, Feb. 2.—There will be no delay at the war department in executing the army reorganization law. The reorganization committee has called the entire attention of the military authorities Friday, and the result will be officially promulgated in general orders as soon as the bill shall have been signed by the president. The matters which will receive the earliest attention are the appointment of additional field officers and the recruitment of ten additional regiments of infantry and cavalry authorized by the bill. Recruiting stations have been established at all the principal centers of population, and all available officers in this country have been assigned to the work. There is also an immediate demand for at least 5,000 recruits to meet deficiencies in the Philippines caused by the necessary discharge of the entire volunteer force by the 30th of June at the latest.

Appointments Decided Upon.

All the principal appointments provided for in the new law have been decided upon by the president. A list of those nominations has been made out at the war department and will be submitted to the senate without delay. It is confidently expected the appointments already agreed upon will be sent to the senate early in the week, possibly Monday. These appointments include: General-in-Chief, four major generals; three brigadier generals and the colonels and other officers essential to the organization of the ten new regiments.

Miles For Lieutenant General.

The impression prevails at the war department that Gen. Miles will undoubtedly be appointed lieutenant general, and that Gen. M. M. Wadsworth and Young are most likely to be made major generals, although it is possible that Gen. Merritt will be made substitute for one of the four named. Among the officers mentioned as brigadier generals are: Gen. Birney, Whistler, Thayer, Schwan, Arnold, Bishop, and Wood (if the last named does not secure the higher rank).

There Are Many Applicants.

Including line and staff, the president will have to appoint about 1,800 officers to meet the requirements of the new law. There is great pressure to have the appointments made, and the president will be exceedingly busy for some time to come in making his selections from among the almost countless applicants either for original appointments or promotions.

THE NEELY TRIAL.

It is Expected the Hearing Will Begin February 15—The Government Collecting Evidence.

Illiana, Feb. 2.—As customary in all such cases, the fiscal has visited C. F. W. Neely in the carrel, with a view of getting a statement from him, but the alleged embezzler refused to talk, acting on the advice of his counsel. The government is hurrying on the collection of its evidence in the paper fraud cases, and it is expected that the hearing will begin February 15.

In the case of John Sherland, who confessed to having stolen \$1,300 while in charge of the money order department of the Illiana post office, the fiscal has recommended a sentence of two years' imprisonment.

DOINGS IN CONGR. SS.

The House Passed the Omnibus Bill, Carrying 101 Clauses For Stores and Supplies Taken.

Washington, Feb. 2.—The house passed an omnibus bill, carrying 101 clauses for stores and supplies taken by the union army during the rebellion. The clauses were passed on by the court of claims and aggregated \$1,000,000, including all the claims filed earlier in the month. Considerable opposition to the bill was displayed early in the day under the leadership of Mr. Cannon, the chairman of the appropriations committee, but it flattened out later on, and the bill finally passed without division. The bill to admit the Chinese exclusion act, with a view to preventing the fraudulent entry of Chinese into the United States, was passed, as were several other bills of minor importance.

The Shipping Bill in the Senate.
The shipping bill was kept steadily in the front of the senate, and in order to give it more time to mature, it was agreed to take a session beginning at 11 a.m. Saturday. Senators Hawkins (Utah) and Berry (Ark.) occupied most of the time in speeches of vigorous opposition. The dominant note in the whole was that its grand simplicity and so far as human ingenuity could discern, for the protection of shipping, the profound emotion it inspired and that the spectacle could not have been surpassed for splendor and solemn effect. The court is asked to act in the Jeffries-Ruhlin Contest Case—They Can Be Rehearsed.

Cincinnati, Feb. 2.—The motion for temporary injunction against the Jeffries-Ruhlin fight was filed just before noon Friday in the court of common pleas by Attorney Charles E. Tamm.

Attorney Gus Wild Saturday asked Judge Hollister to set a time for the hearing on the temporary injunction next week. Judge Hollister will hear the motion in a few days.

"If the temporary injunction is granted," said Attorney Wild, "no bond will be necessary to complete the injunction. This is a popular misunderstanding of the case, but the truth of the matter is that when the state of Ohio brings suit in its sovereign capacity it is not required to give bond, for it is not liable for its debts." The new changes can be obtained from the state by going to the legislature, and I do not think either the prize fighters or their managers would stand much of a show there."

An eminent legal authority, who has investigated Ohio's prize fight laws thoroughly, states that the arrest of Jeffries and Ruhlin by Solon Hough's constable does not preclude the right to rearrest them on the same charge of preparing for a fight. "This is a continuing cause of action," says the attorney in question, "and the fighters could be arrested again and again, and forced to give bond in my opinion."

BIG RAILWAY DEAL.

The Control of the Southern Pacific Railroad Transferred to the Hands of a Syndicate.

New York, Feb. 2.—Another railroad transaction, reaching it is believed, the final stage of ultimate completion, has been completed. It has far marred the closing of the old and the beginning of new century, because known just a few minutes before the closing of the market, when the transfer of the control of the Southern Pacific company to a group of interests in which the Union Pacific interests predominate, was announced. The transaction completes the last link necessary for the establishment of a transcontinental railroad under a single control.

THE MAINE WRECK.

It Is Opened for Its Removal From The Harbor of Havana—The Offer of a Chilean Firm.

Havana, Feb. 2.—Boats for raising the wreck of the United States battle ship Maine were opened. There were 12 bidders, whose offers ranged from \$87,000, the bid of the Swartz foundation, to \$100,000, the proposal of Chamberlain & Co., of Chicago. To remove the wreck for nothing and to give the government three per cent on the sales of the material in the form of souvenirs. One contractor proposed to raise the wreck with a balloon.

Solemn Requiem Mass Celebrated.

Santiago de Cuba, Feb. 2.—A solemn requiem mass for the fallen soldiers was celebrated in the cathedral for the repose of the soul of Queen Victoria. The British consul and Gen. Whitridge, accompanied by all the officers at headquarters and Morro barracks, in full uniform attended the service, together with the civil officials and foreign consuls.

A LAST FAREWELL.

Half a Million Devoted Subjects Witnessed the Majestic and Awe-inspiring Pageant.

QUEEN'S REMAINS REMOVED TO LONDON

Millions in the Metropolis Watched the Grand Military Tributary to the Dead British Sovereign.

At Frogmore the Cover of the Great Stone Sepulchre Has Been Brought Away to Admit the Queen's Body Monthly.

London, Feb. 2.—Half a million of the late Queen Victoria's devoted subjects lined the shores of the Solent witnessed a majestic and awe-inspiring pageant and bade a last farewell to their beloved ruler. All who were present were moved to tears by the profound emotion it inspired and that the spectacle could not have been surpassed for splendor and solemn effect.

The whole world is standing beside the open grave. We have arrived at a solemn and historic moment that will long be remembered in British annals. We need not go back to the sage for the history of our own country.

Solemn Funeral Course.

There was no less poetry and there was better and truer pathos in the picture painted on the Solent than any legendary painting of a dead sea king floating away to the sunset from his native haven.

The millions of the metropolitan audience rendered their even grandeur

adorn its sides, each with a golden monogram, "V. R. I."

At Frogmore the cover of the great stone sarcophagus has been rolled away. When the queen's remains are laid beside those of the prince consort the stone will be replaced and finally sealed, a marble figure being placed above it.

Royal and Gracious Burial.

The royal and gracious commanding upon the ceremony says: "In the annals of a thousand years and the records of our island dynasties there has been nothing to equal or approach the opening scene of the last progress of the mother of her people. The first stage has been traversed in the most regal and gracious burial that ever passed over English soil and sea."

It is believed that once been laid up in the Ohio, carrying soldiers from the South to St. Louis and Cairo on deck in 1861, which blew up opposite an island in the Mississippi river known as Paddy's Hen and Chickens, was found last Saturday. Sore Hands Cured

I WAS troubled with hands so sore that when I put them in water the pain skin would pull until the fingers would get hard and break, then the blood would flow at least fifty drops on each hand. Words can never tell the suffering I endured for three years. I tried at least eight doctors, but to no avail, until one day I came to Dr. J. C. Kennedy, who is a man of great knowledge and experience. I tried every old Granny remedy that was ever thought of without a cent's worth of relief, but nothing would help. I would sit up so early morning when I got up, to think that I had to go to work and stand pain for eight or nine hours, that I would not even get up my bed, which was in the back room of Mr. E. L. Kerns, the leading bottler of Trenton, N. J., who will vouch for the truth of this. I had to leave home to work, I would have to wrap each finger on both hands, and then wear gloves, which I hated to do, for when I would take them off, I would have to take two hours and the flesh would break and bleed. Some of my friends who had seen my hands would say, "if they had such hands they would have had no amputations"; others would say, "they would never have had such hands in any case". But thanks to CUTICURA, the greatest of skin cures, it ended all my sufferings. Just to think, after doctoring three years, and spending dollar after dollar during that time, CUTICURA cured me. It has never been two days since I have used it, and I know what sore hands are. I never lost a day's work while I was using it or since, and it acts quickly.
